Louisiana State University Press, United States, 2007. Hardback. Condition: New. Language: English . Brand New Book. In *Troubled Waters*, Paul F. Paskoff offers a comprehensive examination of the federal government's river improvements program, which aimed to reduce hazards to navigation on the great rivers of America's interior during the early and mid-nineteenth century. Danger on the rivers came in a variety of forms. Shoals, rapids, ice, rocks, sandbars, and uprooted trees and submerged steamboat wrecks lodged in river beds were the most common perils and accounted for the largest number of steamboat disasters. This daunting array of river hazards required a similarly broad range of efforts to remove or at least ameliorate them. Against a variety of obstacles -- natural, political, and technological -- the river improvements program succeeded in reducing the rate of steamboat loss, even as steamboat traffic dramatically increased. Its success, Paskoff argues, demonstrates that the federal government was far more active than generally thought in promoting economic growth and development in the years leading up to the Civil War. The river improvements program was one of the most volatile issues in national, sectional, and state politics, touching on questions of economic development, constitutional law, partisan politics, and sectional rivalry. Paskoff examines the controversial program from its beginnings during the early republic to 1844, giving careful attention to the policies of Andrew Jackson's administration. He explores the array of objections to the program -- some grounded in a strict interpretation of the Constitution and others in a concern over alleged federal wantonness, corruption, and waste -- and follows the political story through the administration of James K. Polk forward to secession. Paskoff also explains the fiscal, economic, and technological aspects of the hazard problem and its solution, analyzing the federal government's fiscal condition, its...
