LA CRISE DE L AERONAUTIQUE FRANCAISE (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****. Il y a un mois a peine, on pouvait se demander si nous avions perdu l empire de l air ? La France, berceau des Mongolfier, des Pilatre de Roziers, des Meunier, des Giffard, des Dupuy de Lome, des Charles Renard, pour ne parler que des morts, considerait depuis plus d un siecle l atmosphere comme un domaine qui devait lui appartenir un jour. Si la conquete de l air a de tous temps preoccupe l humanite, notre pays a joue le role principal dans les entreprises qui ont ete tentees depuis la fin du XVIIIe siecle pour faire de ce reve longtemps caresse une realite tangible; il semblait donc evident a tous nos compatriotes que le jour ou l on serait parvenu a evoluer a son gre au sein de l atmosphere, ce seraient les aeronefs francais qui, par leur nombre, leur importance, leurs qualites nautiques, occuperaient la premiere place, et que dans l ocean aerien les Francais pourraient se considerer comme chez eux au meme titre que les Anglais a la surface de l ocean maritime. Il ne faut donc pas s etonner si, a l automne de 1909, en apprenant qu il y avait dans le monde une flotte aerienne qui pouvait deja passer pour superieure a la notre, nous avons eprouve une deception cruelle et de patriotiques inquietudes. Elles etaient d autant plus justifiees, que les navires aeriens de nos voisins d outre-Rhin etaient des engins de guerre; ce n etait donc pas un simple froissement d amour-propre que nous devions eprouver, mais des craintes serieuses de voir notre armee inferieure sous ce rapport a l egard de l Allemagne.
