

The Third Way

By Rainer Grunert

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. People like to compare two major economic systems side by side. The victorious one, neoliberalism, and the inferior one, socialism. A third way is not or is only seldom spoken of. One can find it, however, in this book. This economic system is liberal, but its neoliberal teeth have been decidedly pulled out by for example, making speculation and dumping wages impossible. This makes it an extremely exciting manuscript, and extremely worthy of consideration. This book offers not superficial optimism but instead an utterly explosive vision to incite debate. It is possibly one of the most important works that has been published in recent years. Reading this book left me with the same feeling I had after reading Shakespeare's A Mid-summer Night's Dream. This was said by a member of German Council of Economic Experts. A global and universally just world economic system doesn't have to remain a mere utopian vision. What we need, however, is an economic paradigm shift no less radical than the shift from a geocentric to Copernican worldview. Coach and...

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.
