

## Lenz and Büchner: Studies in Dramatic Form

By John Guthrie

Peter Gmbh Lang Dez 1984, 1984. Taschenbuch. Condition: Neu. Neuware - This study challenges Volker Klotz's widely accepted notion that the plays of Lenz and Büchner are seminal or exemplary open form dramas. This involves an account of the theory of the open and closed form, its origins in art-historical writings and German 'Geistesgeschichte', its implications and place in recent criticism of drama. This leads to close studies of (a) the major plays of J.M.R Lenz (Der Hofmeister, Die Soldaten) the emphasis being on the dramatic structure, suggesting a rarely appreciated development in dramatic technique; and (b) Georg Büchner's Dantons Tod (complexity of dramatic structure, presence of dramatic conflict, absence of open ending) and Woyzeck, where particular attention is devoted to the order of scenes and unsolved editorial problems, reference being made to the newly published facsimile edition of the manuscripts. 201 pp. Englisch.

### Reviews

*An exceptional publication as well as the font applied was intriguing to learn. It usually does not charge an excessive amount of. Its been designed in an exceedingly basic way and it is just after i finished reading through this book through which in fact altered me, modify the way in my opinion.*

-- Haylee Hackett

*It in a of the best ebook. It generally is not going to expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Ara Williamson
