LASER IN CLINICAL DENTISTRY

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | An innovative tool in modern dental practice | Tremendous advances in the field of laser dentistry have occurred with a technology breakthrough that gives dentists the capability to perform a wide range of hard-and-soft tissue procedures with improved patient outcomes, less trauma, reduced post-operative complications and in most cases, with no need for injections. This new technology greatly expands the scope of procedures a dentist can offer their patients. This book describes...
