It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Korb, a Secretary of the Austrian Legation at the Court of Peter the Great Two years before the birth of Peter Alexiewicz, better known to the world as Peter the Great and first Emperor of Russia, the ancient Kremlin of Moscow beheld a strange sight. Young maidens, the loveliest of the realm, drawn from every province and every class, entered the palace of the Czar on a day appointed. Assembled there in the cramped quarters allotted for their use, they spent their time in the manner of Muscovite womanhood of that age, their cloistered existence varied by some manual task relieved with song and tale. At nightfall the weary hours were forgotten and tense expectancy reigned, for every maiden knew that she was a pawn in a lottery and that the prize was supreme rank. When darkness came figures passed through the dormitories exchanging significant words and gestures as they examined the sleepers. The Czar Alexis Mihailowicz himself accompanied by his doctor was seeking a wife among these unknown beauties, the woman, as the time-honored formula had it, worthy to be the Sovereign's delight, perchance the daughter of the meanest serf who might at his word become the Czarina of all the Russias.
