

Tract on the Tincture and Oil of Antimony: The Universal Medicine (Paperback)

By Roger Bacon

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Roger Bacon is known for his many works, dealing not only with chemical matters but grammar and optics as well. This particular work revolves around the use of alchemy in medicine, specifically the use of antimony and lead. This would directly inform later works such as A work of Saturn by Hollandus. The use of malleable, antimonial compounds in medicine would continue for centuries, and according to Roger Bacon it is this universal elixir which comprises the highest tier of the alchemical art.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
