This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Excerpt from Dry-Farming in America: Being a Report Presented to the Transvaal Government I arrived in New York City at 10 o'clock on the morning of the 19th and left the same afternoon at by the Congressional Limited for Washington. This is the smoothest running train in America and one of the most rapid. It is run in two sections which follow one another at an interval of five minutes. Each consists of four Pullman cars. Thus instead of one long train, two are run on the same track, ensuring great speed and smoothness. The broad gauge, viz., 4 feet inches, has been adopted on this line. We arrived at Washington sharp on time, having traversed a distance of 225 miles. At 10 o'clock next morning I called at the Embassy and was most cordially received by the British Ambassador. We at once stepped into his motor car and drove to the Department of State where the Committee for the Conservation of Natural Resources was in session. Here I met the Hon. James Wilson, United States Secretary for Agriculture; the Hon. Sydney Fisher, Minister of Agriculture for the Dominion of Canada and Mr. Gifford Pinchot, Chief of the Bureau of Forestry.
