Createspace, United States, 2015. Paperback. Book Condition: New. Dr Noah Lebowitz (illustrator). 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.The Book of Leviticus holds many mysteries. What is the plague of tzaria that can infect people, clothing, and houses? Why do women have to avoid the temple longer if they have a female baby as opposed to a male? How did the Levitical priests who slaughtered hundreds of animals daily avoid getting some of the diseases so common in today s slaughterhouses? Modern medicine and science today including alternative medicine is uncovering much knowledge about these infections, biofilms, the human microbiome, etc and how to prevent and treat these diseases. Their treatments are in line with what was outlined in the Torah a few thousand years ago. Biblical researchers and modern scientists unfortunately are not very aware of each other s works. Dr. Michael Lebowitz, an alternative medicine practitioner/researcher as well as a teacher of the Torah at Temple Emanu-el in Honolulu being involved in both these fields shares how the wisdom of the Torah is being inadvertently validated by the scientists of today. You will find both these fields opened up before you as well as practical tips on staying well as infectious disease runs rampant these days.
